Brief Overview of “Surface Treatment Technology Handbook”

Cleaner	1
Rust Removal and Activation	7
Chemical Polishing	10
Electrolytic Polishing	16
Copper Plating	23
Nickel Plating	33
Chromium Plating	42
Zinc Plating	53
Tin Plating and Tin Alloy Plating	63
Alloy Plating (for Decoration)	70
Gold Plating	81
Silver Plating	85
Noble Metal Plating (Platinum Group Noble Metal Plating)	88
Electroless Copper	92
Electroless Nickel Plating	98
Electroless Gold Plating	107
Chromating and Trivalent Chromium Chemical Conversion	115
Rust Preventing Agent	124
Color-tarnishing Preventing Agent	132
Stripping Agent	138
Process of Plating on Plastics	146
Plating Process on Printed Wiring Boards	155
Electrodeposition Coating Process	166
Electromagnetic Interference Shielding Process	176
Plating Process on Wafer	185
Plating Process on Aluminum	194
Rack System Plating Equipment	199
Barrel and Barrel Plating Equipment	206
Cleaning Equipment	215
Bath Control Unit	227
Drying Facility	238
Air Ventilation Unit	247
Pump	256

Water Desalination Equipment	262
Waste Water Treatment Equipment	273
Rectifier	283
Filter	287
Electric Heater	298
Thermocontroller for Heater	306
Ultra-sonic Wave Cleaning Machine	310
Purpose and Method of Film Thickness Measurement	317
Principle of Film Thickness Measurement	319
Plating Test Instrument	327
Japanese Industrial Standard	337
Corrosion Resistance Test Method for Plating	342
Adhesion Test Method for Plating	344
Electrolytic Zinc Plating	346
Chromating Film	347
Nickel Plating and Nickel-Chromium Plating	348
Electrolytic Tin Plating	353
Industrial Chromium Plating	354
Decorative Electrolytic Plating on Plastics	355
Electroless Nickel-Phosphorus Plating	356
Physical Properties of Various Plating Films	358
Physical-chemical Properties of Metals	360
Deposition Rate of Electroless Plating	362
Plating Film Thickness	363
Various Properties of Main Chemicals applied to Surface Treatment	364
Typical Bath Composition (1) of Various Surface Treatments	367
List for Waste Water Regulation Values of Various Countries (1)	373
List for Waste Water Regulation Values of Various Countries (2)	
(China)	374
Conversion from Other Unit to SI Unit (1)	375
Periodic Table	377
Measurement Conversion Table	378
Voltage and Frequency of the Power Source and	
Typical Electric Standard in the World	379
Input/Output Wiring	380
